Attorney General Ashley Moody News Release

TALLAHASSEE, Fla.—This World Elder Abuse Awareness Day, Attorney General Ashley Moody is highlighting efforts to protect Florida seniors. Attorney General Moody's Medicaid Fraud Control Unit investigates allegations of patient abuse, neglect and exploitation in facilities receiving payments under the Medicaid program, such as nursing homes, organizations for the mentally and physically disabled, and assisted living centers. Since 2019, MFCU investigations have resulted in the arrests of 41 suspects in cases involving the abuse, exploitation or neglect of Florida seniors.

Attorney General Ashley Moody said, "Protecting vulnerable Floridians is a mission close to my heart and I am proud of the work my Medicaid Fraud Control Unit investigators do to stop patient abuse, exploitation and neglect. Their work not only stops the ongoing mistreatment of seniors, but it also prevents future atrocities by bringing to justice criminals who take advantage of defenseless Floridians."

World Elder Abuse Awareness Day serves as a call to action for individuals, organizations and communities working to end elder abuse, including financial exploitation, neglect and scams.

Attorney General Moody's MFCU works toward this mission in cases involving the Medicaid program. Generally speaking, instances of abuse outside the Medicaid program fall under the jurisdiction of local law enforcement, who work in close partnership with MFCU.
