

Role of chair of bd. of comm'rs of hospital authority

Number: INFORMAL

Date: December 13, 2006

The Honorable Walter J. Mentzer
Chair, West Volusia Hospital Authority
844 West Plymouth Avenue
DeLand, Florida 32724

Dear Mr. Mentzer:

You raise several questions regarding the operation of the West Volusia Hospital Authority and your role as Chair of the Board of Commissioners. Attorney General Crist has asked me to respond to your inquiry.

The West Volusia Hospital Authority was recreated as an independent special tax district by Chapter 04-421, Laws of Florida, for the purpose of providing access to healthcare for indigent residents of the district.[1] While you serve as the procedural chair of the board of commissioners, it is the entire board of commissioners, not the chair, that serves as the head of the authority.[2] A review of the district's charter sets forth the powers and duties of the board as the head of the authority.[3]

Regarding your question about travel expenses. Section 9 of the district's charter provides in part:

"No funds of the district shall be paid to a member of the board of commissioners as compensation for his or her services in that office excepting only the necessary expense of travel in the performance of the duties of his or her office, including attendance at meetings or conventions relating to the duties of his or her office, *when such travel is authorized by a standing or special resolution adopted by the board of commissioners.*"[4] (e.s.)

This office has no information regarding the resolutions addressing travel that may have been adopted by the board. This office would, however, suggest that you discuss this matter with the attorney for the authority.

I trust that the above informal advisory comments may be of some assistance. Thank you for contacting the Florida Attorney General's Office.

Sincerely,

Joslyn Wilson
Assistant Attorney General
